B.TECH FINAL PROJECT

TITLE: TRAWELL (ANDROID APPLICATION PROJECT FOR TRAVELLING PERSONS)

TRAWELL app is an android mobile application which mainly focuses on the issues during travelling. This application is aimed to provide some sort of securities during travelling.

Nowadays many people face so many issues on their daily journey or when they go to a new location like, finding the correct location of the place they are going, important places in that location. We can't trust any person at a new location as they will be stranger to us. We and our well wishers need a guarantee that we are safe in our journey.

For this, the app TRAWELL will help them. This app guarantees a safe journey to the user in their daily or when they going to a new location. This app provides some sort of services that are based on the user's location.
